

England Darts Organisation Ltd

Full International Member of the World Darts Federation

Full International Member of the Tri-Nations Darts Association

Full International Member of the 6 Nations Darts Organisation

24/05/2021.

Dear Member.

Following on from our last communication in February, identifying new benefits for England Current County members.

We can realistically feel optimistic that by the autumn we will be able to hold our events, starting with the England Open at Selsey in September 10th – 12th.

The event sanctioned by the World Darts Federation as a Gold Ranking Event, with the Men's' and Ladies Champions, qualifying directly into the stage finals of their World Championships in the new year, along with qualification into the WDF World Masters to be held in December 2021.

The England Open also features the England National Singles Men's' & Ladies Open another World Masters Qualifier and Silver Ranking Championship.

The event also features a Men's and Ladies Pairs, a mixed 4 event, along with an England Open Youth Boys and Girls championship, as part of the England Youth Grand Prix.

The festival starts off on Thursday 9th with the iconic British Men's Pentathlon, and anyone who would like to be considered for the event should contact Paul James via face book or email misterjames@gmail.com.

There will be an opportunity for all players to attain their dreams by taking part in the England International Trial to be held on Friday 15th October 2021, as part of the British Open Championships held at the Spa in Bridlington on Friday afternoon. The Men's and Ladies Trial is open to all players with no age restrictions, and the winners will be invited to represent England in the senior British Internationals at Skegness in the spring.

The winners also gain an invitation into the WDF World Championships and World Masters qualifiers as part of the allocation given to the England Darts Organisation. I would like to thank the executives of our International partners Wales and Scotland (Tri nations darts) along with the management of the Spa Bridlington for agreeing to England staging this event during the British Open, and for all their assistance in securing the future of the historic British Open Championships.

Exclusive Offer to Counties who are current paid up members of the England Darts Organisation as of 31/01/2021.

Terms and Conditions

- 1) Each Member county can nominate One Lady and One Man free of charge into the International Trial, before 30th June 2021.
- 2) Each county is at liberty to decide how they arrive at their nominations, whether it is by their internal executive selection or by an internal county play-off.
- 3) All players whether nominated by their county executives can enter the event directly via the England Website online entry process
- 4) All players whether they have lost in their counties internal play-off, can enter for a second chance directly into the National Trial via the England Website online process.
- 5) All players who enter directly and are individual members of England Darts will have their discounts automatically allocated, as long as they enter before entry discount date, should they enter after this date they will not receive the discount, but will be able to enter the event.

Event Information - Shop Opens 24/05/2021

Coming soon ... England Open, September 2021

Event Entry

The online shop to register for England events will be open today.

I must take this opportunity of thanking David Ballantine for the tremendous work he has been doing over the past several months in programming our Websites online entry process.

This will give us a terrific ability of accessing the entries data immediately and creating reports and alpha list for the players to check their entries and discounts, all in real time.

Unfortunately our ability to schedule events in venues has been suspended for the last 18 months or so, nevertheless the day to day work behind the scenes, most of which has been preparing for the resumption of events, again has been on numerous occasions prevented by the government restrictions.

The Directors and executives have continued during this extended period to work tirelessly in maintaining our reputation as a stable and viable darts organisation in the midst of uncertainty surrounding our traditional darts area.

England Darts Organisation Limited through the endeavours of the executives will continue to offer opportunities to “all” its players, along with meeting all of the company’s current and future financial obligations.

We would like you as a member to support the England executive and help promote all our events and new initiatives as they come into the calendar, events which cater for all aspects of the sport of darts and uniquely inclusive of all genders and age groups.

For the latest news of event schedules, venues, and player’s membership opportunities, rewards and discounts, please visit our new website.
